radiation - in the full knowledge of the effect it will have on the lives of others - your consciousness will become like a sun, and your sphere of influence can be used cosmically to set up a like energy pattern in the lives of all those whom the Masters will see fit to drawninto your environment, besides the beneficial effect it will have upon every expression of life that it touches - whether human, animal, elementalor plant life.

Watch your thoughts and feelings, beloved ones, because these affect your radiation and tend to diminish your usefulness in the Ascended Masters' present endeavors to raise and redeem a planet and its people.

I do accept Thee here and now,
Beloved Christ Self of me!
Now take command -- complete control;
Make me all LIGHT like Thee!
Teach me Thy Wisdom's gentle ways
And help me to forgive;
Transmute the outer consciousness
And its desire to live
For self alone. Henceforth
Let me Thy Victory be!
For it is no longer I that lives;
But Christ liveth in me!

Beloved Children:

Will it surprise you to learn that you and I, individually, have many discussions? Perhaps I should not say 'discussions' because you do not audibly join with Me in the expression of My humble endeavors (through this little 'Bulletin') to point out to you ways and means by which your earnest souls may consciously join with the great assembly of Ascended Beings - one of whom I have the privilege to be. Yet I rarely come without there is a discussion of a sort, because within your feelings and your thoughts there have been questions raised - points on which you sought illumination - and, in the invisible, we have talked back and forth more often than you, in your outer self, are aware of; so to say that we have had many discussions is not entirely erroneous.

I enjoy tremendously the searching of your consciousness and your purpose. I enjoy your devotion to Me and to the Brothers who represent Me and who have carried the message of Life and Light so constantly through the years. I pray for the hour when your devotion to each other, and your kindly disposition toward each other may be equal to your devotion to Me, for in that is the hope of the unity of Our endeavors to set this planet and its teeming evolutions free to fulfill their individual Divine destinies.

That is why I ask you now, as I have requested

many times in the past, to turn your thoughts to the nature of the Godhead, to that of Myself, if you feel so inclined, or to any of the Brothers of Light who may have taken your fancy, that We might share with you Our Love for both yourself and for the Light - that you may have the richness of experiencing that love for each other. When that is done, beloved ones, we can 'love the world free' through greater illumination and greater freedom - for love is all there is.

The human nature cannot love; it knows neither tolerance nor understanding nor kindness, because it is diametrically opposed to God. In fact you might say it is the 'devil'. All unascended beings share this human nature to some extent for self-preservation and other reasons, and the self-denial and humility that represent the vows of Church Orders are endeavors to deny the human nature and assume the nature of God. I find, though, that denial by human will is not the answer; but the invocation which I present to you now and have presented so many times in the past, for any Ascended Being to enter into your daily life, has been particularly designed by Me as I sat last evening trying to think of a simple way and means of reaching into your hearts.

Sometimes, in the hours when We are not disposed to Cosmic Service, We have periods of quietude when our minds and thoughts are free from the creative efforts of our specific cosmic purpose. This is somewhat similar to your recreation hours and We are free to use our energies in music, art, song, friendly visitation one with another, or in any harmless manner which allows Our Flame to revivify and build anew for the following day's occupation. I use the word

'day' advisedly to distinguish periods of service, and it was in such a quiet time that you, beloved ones, came into My mind. As you pour fresh water into a glass of polluted water until it is clear, so will the invocation of any Ascended Master's Consciousness into your own human consciousness cleanse and purify and raise it into the God-Consciousness just as the water is purified in the glass. Experiment with this invocative idea this week, beloved ones, and We will rejoice at the results. You will definitely let Me know what you think of it. Love and Grace are the wings of the Spirit.

Blessings and Love,

MAHA CHOHAN

INVOCATION TO THE MASTER

Before repeating this invocation, a few moments of reverent silence should be spent in the contemplation and adoration of the Master to be invoked.

Enfold me now in the Flame from Thy Heart;
Make me the Miracle Love which Thou art;
Set me now free from all not of the Light;
Let Thy great Love guide me ever aright!
Free me at once from all doubt and all fear;
Make me feel now only Thy Presence here;
Release Thy great Power that I may be free;
And e'er outpicture God's Love just like Thee.
